Randall County Junior Livestock membership drive will start today for the 1952-53 season.

The executive committee met Monday night and a membership committee was named to help canvass the county. It is hoped that all members and others interested in this fine project of helping the F. F. A. boys and the 4-H Club members will be prompt with their renewal of membership.

The Junior Livestock Show has grown from year to year and the officers plan for a fine exhibit and sale next spring. Farm Bureau Group Attends Convention

Local people attending the 19th annual convention of the Texas Farm Bureau Federation at the Plaza Hotel in San Antonio last week included Gus Dietz, county president of the organization, Stanley Garnett, state director, O. K. Hoyle, district worker, Roger Dugan, local director and claims adjustor Robert A. McKee and Mrs. McKee.

At the convention the organization went on record as favoring economy in government and a national farm policy formulated at the "grass roots."

Speakers at the conclave included Senator George D. Aiken (Rep.) of Vermont, Congressman Clark W. Thompson (Dem.) of Galveston, and Romeo Short, vice-president of the American Farm Bureau Federation.

There were 400 Farm Bureau workers present who represented more than 180 counties. About 820 people registered and there were a large number present who did not register.

The convention opposed price controls, efforts to socialize medicine, business or agriculture, and the practice of government agencies using any facilities of that agency to promote political aspirations or dissention among members of farm organizations.

She will be assisted by the West Texas State String Quartet, which includes, left to right, Miss Doris Joens, Davenport, Iowa, cello, Wayne Hinds, Amarillo, and Miss Alma Watson, Amarillo, violins. Miss Matilda Gaume, assistant professor of music, will be presented in the first faculty recital of the year at West Texas State College next Sunday afternoon. The pianist will be assisted by the West Texas State String Quartet. The public is invited.

The program, set for 4 p. m. in the Administration Building Auditorium, will feature the first movement, "Allegro Moderato" of "Sonata in E Minor," which was written especially for Miss Gaume by Dr. Houston Bright, associate professor of music at West Texas State.

Four movements of Schubert's "Quartet in A Minor, Op. 29" will be played by the string quartet. Members of the group are Lewis Stoelzing, assistant professor of music, viola, Wayne Hinds, Amarillo, and Miss Alma Watson, Amarillo, violins, and Miss Doris Joens, Davenport, Iowa, cello.

Selections chosen for her program by Miss Gaume are the beautiful Bach chorale prelude, "Jesu, Joy of Man's Desiring," Beethoven's "Sonata, Op. 90," and Bartok's "Bulgarian Dance No. 6," which is a fascinating study in syncopation or shifting accents.

Besides Dr. Bright's "Sonata in E Minor," Miss Gaume has also chosen "Gato (the Cat)," a friendly and capricious creature, by the contemporary Latin-American composer, Napolitano. Her concluding number is "Etude No. 6" by Paganini-Liszt. The piece is one of 11 variations by Liszt on a consistently popular tune written by the Italian wizard violinist, Paganini.

C-C Takes Stand On Gasoline Tax

The board of directors of the Canyon Chamber of Commerce has voted to go on record to repeal the Highway Department receiving the tractor gasoline highway tax money that the farmers are now getting. This may be one of the proposals of the next session of the Texas legislature as one of the means by which the Highway Department may receive money to build highways.

The chamber of commerce board also voted against any gasoline highway tax money now being received by the public schools being taken away from the institutions. The group feels there are other means of securing the necessary highways than by the above possible proposals.

At a highway meeting held recently in Amarillo, suggestions were made by various people of Texas for ways and means of the highway department receiving the necessary money to build highways.

West Texas Chamber of Commerce had a highway committee present at the Amarillo meeting for the purpose of receiving and giving information to the people of West Texas on such suggestions which may be proposed to become law. By having this information the people will be more informed and able to make the right decisions. The WTCC does not wish to have a proposal passed that would take away the gasoline tax money that the farmers and public schools are now receiving.

A copy of the gasoline tax motion made by the board of directors of the Canyon Chamber of Commerce will be sent to our state senator, representative and the West Texas Chamber of Commerce.

EDITORIAL COMMENTS

No Change Can Be Made in Government

"When will all of the changes take place? I can see no difference," said an impulsive man on the street the day after election.

Yes, sir, a lot of folks profess to believe that there would be a wonderful change take place all of a sudden, even before General Eisenhower took office.

Probably there will be only a few changes evident in this nation for many months. It may be a year or more before we will detect a decided difference.

Let it be remembered that the budget upon which Congress will be called to act will be a Truman made budget. He will likely stack the budget, just as he has in years past. As a matter of fact, the budget was pretty well prepared long before the election, when the President was convinced that there would be a Democratic victory. Truman was not likely to let Governor Stevenson down.

Naturally there will be no changes in your income taxes on January 1st. These taxes will be based upon the last year of Truman in office, and the figures will be those which he has made through reckless spending.

General Eisenhower has sent to Washington Banker Joseph M. Dodge to look over the budget, and when Congress starts action in late January, he will give his opinion to the lawmakers.

The only immediate results of the election of General Eisenhower comes from our neighbor to the North, Canada. Because of our heavy national debt, Canada has been discounting the value of our 52 cent dollar in exchange. The exchange rate has now been lowered, so that Americans are no longer penalized when they buy Canadian-made goods. This is a move of confidence in General Eisenhower's ability to cope with the tricky problems of government.

No you will see no immediate change, but one of these days there may be a good rain—the greatest needs of this Panhandle country.

Another Letter to Senator Bob Kerr

We added another letter to those politicians whom we addressed last week.

We had overlooked Senator Bob Kerr of Oklahoma in the batch of letters which we wrote last week. Here is what we said:

Senator Robert S. Kerr,
Washington, D. C.

Before you return to Texas to lay a wreath on the grave of Governor Allan Shivers, better take a look around Oklahoma and see what happened there while you were boasting in Texas what you and Governor Stevenson were going to do to those of us who espoused the cause of General Eisenhower. While you were bragging in Texas, the voters of Oklahoma decided that you needed a little home work, and decided to administer a good sound spanking on your senatorial bottom.

In other words, Senator, before you become so snooty as to tell the Texas voters how they shall vote, better see what your own folks think of your advice.

Personally it looks like they think your political ideas went out with the dodo.

Who's the head of the house is often a matter of argument.

Reorganization of Democratic Party

Senator Fulbright of Arkansas comes out with a plan to reorganize the Democratic party. He would have Governor Stevenson head the drive for a closer unity within the party and offer a solid front of Democrats against the Eisenhower administration. He suggests Senator Lyndon Johnson of Texas as one of the key men in the Democratic party of the future.

The plan for reorganization is necessary, and will be accepted by most Democrats provided certain conditions are met.

The foremost is that Truman take himself out of the picture. General Eisenhower was elected solely upon the grounds that Truman refused to take a back seat. If he persists in running party affairs, the Democratic party will not win in 1954 or in 1956.

The second premise is that General Eisenhower must be given a chance to reorganize the government. Starting a campaign of opposition now would be silly. While the General is looked upon as a conservative, he has never been classified as a reactionary. Senator Fulbright has been affiliated with the leftists of the party; Senator Johnson may almost be classed in that category. The conservatives won in 1952 because the voters were sick and tired of the leftists, such as Fulbright, running the affairs of government.

Senator Johnson will probably look the situation over rather carefully before he assumes the role of opposition leader in the new administration. He comes up for re-election in 1954. Former Governor Coke Stevenson has stated that he may take on Johnson in this campaign; and then there is the possibility that Governor Shivers may be in the race.

Since Texas went for General Eisenhower—not for the Republican party—in the 1952 election, it would be a wild prediction just now to declare that Texas could again go for a conservative leader like Shivers or Coke Stevenson in 1954 if the Democratic party assumes the role of opposition rather than constructive agreement with Eisenhower during the coming two years.

While we have been read out of the Democratic party by the few hot headed politicians of this area because of our support of General Eisenhower, let us remind you that we are still a Democrat, but that we refuse to wear the brass collar of the party, especially with the type of leadership which was put forth by Truman during the campaign.

Still Hunting for Cheap Printing

Running a printing shop finds peculiar people adrift in the world.

That is, folks who run from one plant to another, hoping to find "cheap" prices.

The method is this: A fellow will walk in and lay down a copy for a piece of printing. He asks what the price will be on a couple or more thousand. When we quote the price from the Franklin Printing Catalog, he suddenly decides that half the number will be sufficient, and therefore he asks if the price will be half the amount quoted. Naturally we tell him that the composition and make-up will be the same on 500 or 5000, and these are the expensive items in any piece of printing.

He replies that he was just shopping, and therefore would soon be back.

Printing is printing, and the cost for good printing is about the same wherever you go.' If you want good, careful work, you will have to pay for it. If you will be satisfied with just any kind of a job, perhaps you will be able to save a nickel or a dime by spending several hours in your search.

School Building Is An Urgent Problem

The school board in Amarillo will soon present bonds to the voters of that district for several million dollars. It is proposed to build half a dozen or more school buildings to meet the growing demands of the district.

At least two groups of consulting architects have been called in to confer with the school board. All of the architects have agreed that the school buildings so far erected are adequate and well constructed. The school board seems inclined not to hire any consulting architect.

Canyon is faced with a building program. A new plant must be provided by September, 1955. At that time the Board of Regents will demand that the Education Building on the campus be vacated to provide for rooms for college classes.

Perhaps there are some who think that 1955 is a terribly long time away and that there is no need for action.

On the other hand every person who has had experience in building declares that action must be started NOW—not next year—in planning unless money is wasted.

The taxpayers of the Canyon Independent School District know that it is their money which must erect the building. There will be no Santa Claus to put up this plant. Therefore, it is the obligation of all taxpayers to carefully study the situation and to be ready to vote for the necessary bonds when this plant is finally agreed upon.

After all is said and done, there is no CHEAP buildings available. There may be methods available which are more desirable than others, but so far as cheapness is concerned, buildings are buildings; and cheap construction is very, very expensive in the long run.

As nearly as we can observe, the best columnist is the writer of the column you like to read.

Aviation has a wonderful future—in war and in peace—but over-enthusiasm is not progress.

Personally, we would be delighted if some scientists would let us know how to cure a cold.

Family mystery: How junior can know his lessons when he doesn't even look at his books.

Never lose your temper because somebody else cannot think clearly.

Well, there were some good campaign speeches—on our side!

Eisenhower May or May Not Find Way

The proposed trip of General Eisenhower to Korea was scoffed at by both Truman and Stevenson during the campaign. Various Democrats and some Republicans have taken up the cry against the trip by the president-elect. They base the opposition, not upon the sound theory that General Eisenhower might make some sort of solution of this tragic problem. They cry out that the trip is too dangerous, and that if Eisenhower should be killed in either a plane wreck or in Korea that Senator Nixon would then be the president.

We have never been of the opinion that Eisenhower could solve the problem in Korea overnight. He is not that kind of a magician. But he is a successful, practical soldier, who can see things a little more clearly when he views them from a military standpoint.

A lot of silly sentiment has been expressed in opposition to Senator Nixon. While we have never been sold so strong on his ability as a statesman, we are quite sure that should he succeed to the presidency that America would not suffer as a nation as we have under the wasteful and dilatory methods of the Truman administration.

So far as we are concerned, we say to Eisenhower: "Go, and see for yourself what manner of war this is; and then use your military knowledge to end this endless conflict in a successful victory."

It should be remembered that the United States can sell its goods to other nations only if it is willing to buy something in return.

Cherokee Bill was one of the most cruel outlaws of Indian Territory days. He was the leader of a bandit gang and was credited with having killed many men. Yet he had one touch of tenderness.

Bill was tried in Fort Smith, Ark., before Federal Judge Parker, the famous "hanging judge." Bill and 59 others under death sentence were being held in jail while their cases were on appeal. Someone slipped him a six-shooter and he killed a guard and held the other guards at bay. Still more officers ran in and there was a pistol battle.

Henry Starr, a noted train robber, appealed to Bill to stop shooting as he could not escape and there was nothing to be gained by killing other guards. But the desperate man threatened to kill Starr, too, if he did not get back. Starr recalled how Bill had embraced his mother when she visited him so Starr pleaded, "Your mother wouldn't want you to kill any more men; don't make it any harder for her." The outlaw handed over the pistol.

Cherokee Bill was tried for the murder of the guard and Judge Parker, in passing sentence, said, "Behind you lies a long wake of human gore. It is too bad you have only one life the law can take, otherwise you would be hanged 13 times—once for each of your murders."

His mother had sat beside him all during the trial and as the prisoner stood on the gallows, he saw her in the crowd. "Mother," he cried, "you shouldn't have come here." She replied, "I can go wherever you go, Billy." When the executioner asked if he had anything to say, Bill answered, "I didn't come here to windjam; I came here to die."

Afterward they found in the pocket of Cherokee Bill, outlaw and murderer, a picture of his mother and on the back of the photograph were these lines, perhaps of his own composition, entitled "My Dream":

"I dreamt I was in heaven, among the angels fair,
I'd ne'er seen any so handsome, that twine their golden hair;
They looked so neat and sang so sweet, and played the golden harp,
I was about to pick an angel out and take her to my heart.
But the moment I began to plead, I thought of you, my love;
There was none I'd seen so beautiful, on earth or heaven above.
Forgive me, mother dear, I hope my dream comes true,
And we will meet on golden street and I'll happy be with you."

MOTHER WORRIES

There was once a young lady who went to work in a federal government office in Washington. She was proud of her job so she wrote her parents about it.

"I work," he wrote, "in the data analysis group of the aptitude test sub-unit of the division of occupational analysis and managing tables of the bureau of labor utilization of the War Manpower commission which is under the office of emergency management."

Mother wired: "Come home!"

Clarification

"How about two of them?" asked the druggist of the man who was buying a toothbrush. "One for your wife?"

"No, thanks. When I buy a new one, I always give her the old one."

He paused while several other customers in the store gasped, and then he added: "She uses it to clean her shoes."

Going Up!

Customer—"What! Five hundred dollars for that antique? Why, I priced it last week and you said three hundred and fifty."

Dealer—"Yes, I know; but the cost of labor and materials has gone up so!"

LITERAL

To the soldiers patroling the parade grounds the sergeant's order was explicit: "Pick up everything that isn't growing."

Hardly had the order been given, when two eager beaver privates espied a pretty girl of about seventeen tripping gracefully across the freshly-cut lawn. They made after her with alacrity. Alacrity didn't have a chance.

The sergeant's whistle shrilled. "Lay off, men!" he shouted. "That's still growing!"

Something Else

The prison visitor was going round the cells, and was asking rather fatous questions, "Was it your love of drink that brought you here?" she asked a prisoner.

"Lor', no, miss," replied the man, "you can't get nothin' here!"

Wise Guy

An old lady who could not see eye to eye with the taxi-driver on the question of fare, finally remarked: "Don't you try to tell me anything, my good man. I haven't been riding in taxis for five years for nothing."

"No," replied the driver, "but I bet you had a blarsted good try!"

DIPLOMAT

It's an old story about the ball game being umpired by a runt of a fellow. An enormous player was at the plate and an equally large catcher stood behind him. The count was one and one. The little umpire watching the pitch sizzle across the corner, yelled, "Two!"

"Two what?" snarled the catcher, mashing his mask into the umpire's face.

"Yeah, two what?" growled the batter, raising his bat.

The umpire looked from one brute to the other, and said: "Too close to tell!"

NOT SURE

Office Boy (nervously) — "Please, sir, I think you're wanted on the 'phone."

Employer—"You think! What's the good of thinking?"

"Well, sir, the voice at the other end said, 'Hello, is that you, you old idiot?'"

The swastika symbol originated among the Hindus.

JANE ALBRACHT

Jane Albracht is probably one of the "pertist" little secretaries the publications department has had in a long time. The 19-year-old brown-haired, green-eyed little miss also serves as the society editor of The Prairie where she has handled nearly all of the club news, teas, special occasions, and the like.

Without her this year the editors of the student newspaper would have had more than a handful to cope with. With her, the organization has been better than expected.

Jane was born in Lindsay, Nebr., where her folks live. Due to that thing that makes life miserable to many people who live in that part of the country, called asthma, she lives with her grandfather, John Pohlmier, at Nazareth where she graduated from high school in 1951.

Jane is a member of the freshman class and is an active participant in the activities of the Newman club. Her favorite subjects which will take the major part of her college work are journalism and English. Before coming to WT this fall she worked for a year on the woman's desk of the Plainview Evening Herald.

How many people does it take to make a telephone call?

Here in Texas it takes 28,000 Southwestern Bell people to handle the eleven million telephone calls you make each day.

Move them all into one town with their families and you'd have a city the size of Waco. Add all their pay checks together and you'd have $92 million a year — enough to make them important customers for every retail businessman in the towns they serve.

But even more important than their numbers or their purchasing power, is the good citizenship of the people who make up your telephone team.

On the job, you'll find them working with skill and devotion to give you the very best possible telephone service. Off the job, you'll find them working as scoutmasters, church leaders, civic club members to make their home towns the best possible places to live.

We're glad to have them as members of the telephone team. We believe that you're glad to have them as good neighbors.

AHS Wins First In FTA Contest

Amarillo High School's Loula Grace Erdman Chapter of the Future Teachers of America won first place for the third straight year in the "King Pedagog and Queen Schoolmarm" contest at "Annual F. T. A. Day" here at West Texas State College Wednesday.

The king and queen, Keith Winter and Miss Ronda Goyne, announced that since Amarillo had won for the past two years, they would accept third place, moving the other two winning schools to first and second spots. Second prize winner was Childress High School, represented by Robbie Mullins and Miss Jerry Denton; and third place went to Canyon High School, represented by Dan Gaylor and Miss Wanette Green.

Some 300 students from a dozen Panhandle schools chose Robbie Mullins, Childress, as president of District IX F. T. A. clubs, and Ted Briggs, Canyon, as vice-president. Other new officers elected were Miss Beatrice Hutchins, Wellington, financial secretary, and Miss Nancy Storey, Dalhart, recording secretary.

Erdman Speaks

Miss Loula Grace Erdman, West Texas State English professor and author, told delegates in the day's main address, that teaching is a profession which keeps those who follow it "young and hopeful."

"You give us your hopes and enthusiasms, a sense of humor, understanding, and proportion," Miss Erdman said. "In teaching we find a place to anchor our hearts."

President James P. Cornette, in extending greetings from West Texas State, warned that teachers "have a fearful earthly immortality," for "the most of what you teach is what you are." He declared that what you teach is multiplied a thousand times in the children whom you teach.

Choir Sings

The day's session was opened with special music by the West Texas State A Cappella Choir, which sang three numbers, "Psalm 33" by Mueller, "Carol of the Bells" by Tschaikowsky, and "Hallelulah, Glorious is Thy Name," by Olsen.

Invocation was given by the Rev. Jim T. Pickens, director of the Methodist Wesley Foundation, and Miss Gail Stephenson, president of the Amarillo High School club, introduced Miss Erdman. First, second, and third prizes in the contest, of $20, $10, and $5, were awarded by M. D. Shepherd, representing the Canyon Lions Club, and Dr. Walter H. Juniper, representing the Rotary Club. The organizations sponsored the contests.

Orchestra To Be Community Affair

In a move to revitalize the orchestra program, the West Texas State College orchestra, under the direction of Lewis Stoelzing, has recently been organized into a civic group whereby it can readily serve the community.

To begin the remodeling program, Stoelzing appointed a board of directors whose duties are to discover means of improving the orchestra and to serve its community.

Members of the board are M. D. Shepherd, business manager, Wayne Hinds, personnel manager, Anita Tooley and Pat Walton, publicity managers, Alma Watson and Carolyn Kiker, librarians, and John Butler and Purris Williams, stage managers.

This year's concert season will begin for the orchestra Thursday night, December 11, in the First Methodist Church of Canyon. The public is invited.

First appearance of the orchestra this year was during the assembly program on Regents' Day.

Latest Rumors From Political Front of Nation

A special committee, representing both the Dewey and the Taft wings of the Republican Party, is at work on names of individuals to be offered key jobs in the Eisenhower Administration. The idea is to get well set for the big turnover on January 20.

High officials in Europe are starting to importune the President-elect to pay them a visit before taking office. They want reassurance that Eisenhower is not turning his back on Europe, as many news columnists in that part of the world say that he is.

Thomas Dewey, New York Governor, could have had the Secretaryship of State for the asking. Governor Dewey's own choice for the No. 1 job in the Cabinet would be John Foster Dulles.

Friends of J. Edgar Hoover, head of the FBI, are putting forward his name as one to be considered by Eisenhower when choosing an Attorney General. Mr. Hoover knows more about law enforcement, out of his long experience, than any other individual.

The Eisenhower trip to Korea is designed to show the President-elect's interest in that part of the world, as well as to get a first-hand look at the war and its problems. High-ranking officials of the Truman Administration centered their attention on Europe.

Winston Churchill's advisers are urging that he put off until spring any meeting with Eisenhower. The idea is that the new President by that time will be more sure of himself and his course in office. Churchill is reported still to favor an earlier meeting, but hopes first to establish personal correspondence with Ike as he did with Roosevelt.

Joseph Dodge, liaison man for Eisenhower on budget problems, is exploring the idea of a further stretch-out for the arms program. The idea is that if arms spending can be extended, at about present levels, then good times in business will last longer before a downturn threatens.

Men high up in the business world often are going to be called upon by Eisenhower to serve in Government. A summons is going to be hard to turn down, now that businessmen are back in favor at the White House.

Senator Robert Taft expects to get along well with Eisenhower. Ike has no pet ideas that he intends to try to force on a reluctant Congress. Few White House moves will be made without prior talks with Taft.

The President-elect is being told that he will be wise to return to the practice of having written questions and to avoid snap answers to questions of the kind that sometimes got Mr. Truman in trouble.

President Truman still is amazed at the number of millions of people who seemed to come from nowhere to vote for General Eisenhower. By all the rules that had applied in politics for 20 years, the Democrats think that they should have won the election.

Leaders of Republicans in Congress who are holding out the promise of a 10 per cent cut in taxes on 1953 income of individuals are not speaking for Eisenhower at this point. The condition of the Government's budget suggests that taxpayers, except corporations paying an excess-profits tax, cannot count on tax cuts before 1954.

Lieut. Gen. Thomas D. White, Deputy Chief of Staff for Operations of the Air Force, is moving out front among those in line to succeed Gen. Hoyt Vandenberg as Air Force Staff Chief. General White has a reputation as an organizer and operations man of the kind who can iron out some Air Force troubles.

Word has been passed by Eisenhower to top American and British airmen to go ahead with a major meeting to analyze Russian air capabilities, air defenses and industrial targets.

Ike isn't going to say that, if Stalin wants to see him, the Russian dictator can come to Washington, but he is going to be in no hurry to travel to Moscow in search of peace. European newspapers are trying to cook up a Moscow trip for the new President.

Baptist Groundbreaking Ceremony Held For Proposed New Building

Groundbreaking ceremonies for the new Baptist Student Union building were held Tuesday at 3:30 p. m. with representatives from the school, state Baptist organizations, local dignitaries and Union officials participating.

The new building is to occupy space adjacent to the present building and will face Fourth Avenue from the corner of 25th Street. Construction is to be of Colorado redstone and roman brick.

Taking part in the ceremony were Dr. W. F. Howard of Dallas, director of student work for the Baptist General Convention of Texas, and Rev. Prentis Chunn, assistant director, also from Dallas.

Dr. James P. Cornette, college president, represented the school, and Jimmie Peggram, president of the union, represented the BSU. The building committee representatives present were Virgil Henson, Rev. Neill Record, Tulia, and Rev. A. L. Shaw, Happy.

Rev. Strauss Atkinson, pastor of the Canyon First Baptist Church, gave the scripture reading.

Plans for the building were drawn up at a meeting on August 26, of this year, in Canyon where officials consulted with Henry Mayfield, Bryan, architect for the project.

Completion date for the structure cannot be estimated because of the uncertain flow of materials and weather conditions. Plans include a lounge, recreation room, prayer room, class room, work room, office, and a patio.

The building will be financed by the Baptist General Convention of Texas, 60% and the Baptists in this area 40%.

Director of the union is Rev. Howard Bramlett.

There's both humor and heartbreak in the vivid whimsy of battle place-names in Korea: Sniper Ridge, Jackson Heights, Pinpoint Hill, Iron Horse Mountain, Little Finger Ridge. And while men from many countries make up the UN forces fighting there, it is doubtful that French or Australian or kilted Scotch troopers christened such objectives as Jane Russell Hill.

American boys are by nature peaceable and full of fun. They like games and good food and girls and automobiles. They are at the same time independent and biddable. As a rule they have much greater ability than they are called upon to show. Being a pretty practical lot, they usually like to know "what goes" before they get into anything. Yet here they are, through no fault of their own, in a foreign country, fighting for perplexing objectives, working under constant strain, cut off from most of the things they have been brought up to enjoy. So they're making a game of it as best they can!

For most of us, Korea is merely a name seen frequently in headlines. We're vaguely conscious of it as a political issue. We wish "it" could be settled, because we don't like the idea of the United States having enemies, and if "Korea" were stopped, perhaps it would mean that everyone is friendly again.

Dulled into unthinkingness by the long drawn-out fighting, we tend to forget one important fact about that faraway land: It's full of American boys, who are doing a pretty sporting job of trying to be themselves in the face of discouraging odds.

POLICE CAR KILLS BOY, 8

Baltimore, Md. — Roland Wisner, 8, son of the Earl F. Wisner's, was struck and killed by a police car, operated by Patrolman G. A. Glick, who was chasing a speeder. Roland was among a group of small children out on a pre-Hallowe'en round of trick-or-treat, who ran out into the street from behind several parked cars. The cop stepped on his brakes and swerved to avoid the children, but struck the Wisner child, who was pronounced dead at a hospital.

WARREN'S

Statehouse

by HUGH WILLIAMSON

Every once in a while I get off the subject of politics and government, and I write me a piece of writing about something else, just for a change.

This is one of those times.

Inasmuch as this is the Thanksgiving season, it might seem logical that, hungry as I happen to be at the moment, I would write about turkey. But I'm not I'm going to write about chili.

This comes about because General Ike Ashburn has just handed me a book written by Joe Cooper, another old newspaper hand, whose title is "with or without beans."

I can bring the holiday note in here by quoting a few quotes from Ashburn, whose nostalgic words are included in the book thusly:

"I think my bid for chili fame occurred in Greenville shortly after the turn of the 20th Century. I had New Year's noon day dinner with my sister and the rest of the family and regaled myself with baked ham, roast beef and turkey, and finished off the chore with a plum pudding and a goodly helping of boiled custard.

"The men folks walked to town to go to the post office and I stopped at the Katy station to see the Katy Limited come in. When they returned from the post office to the station they found me established at Brother Johnson's emporium eating a bowl of chili."

Such eating achievements doubtless presaged Ashburn's future as a man of stature in the community. Not only is he a major general and deputy commander of the Texas National Guard; not only is he executive director of Texas Good Roads Association — he is a man of stature who weighs something more than 300 pounds.

The book contains quotations about chili from many other Texans, including Mary Martin, Admiral Nimitz, Governor Allan Shivers, Attorney General Price Daniel, Col. Homer Garrison, Jr., Don Hinga, W. J. Murray, Jr., D. X. Bible, George Sessions Perry, and so on and so on.

Well, to garnish this column, let me give a few remarks from the various contributors to Joe Cooper's book.

Dr. Jim Dan Hill, president, Superior (Wis.) State College: "When you exhale after the first bite, (and you will), if you note a pale, blue smoke, somewhat darker than a dairyman's breath in a cold, Wisconsin dawn, think nothing of it. It is the normal, internal combustion of the supercharged Mexican red pepper . . . It means your metabolistic carburetor is in perfect adjustment. It means also that you are eating real chili."

J. Q. Mahaffey, editor, Texarkana Gazette: "With or without beans? What a question, indeed! Give thanks for chili, and ask a new blessing for every single bean."

Harry James, bandleader: "What this country needs is more missionaries from the kitchens of Texas to show tenderfoot chefs in the other 47 states how to prepare and serve real Texas chili."

Ken Hand, Dallas Morning News: "The only way to assure full attendance at Texas clubs in Washington and New York is to include a line at the bottom of each invitation: 'Chili will be served'."

Arthur Coleman, author of The Texas Cookbook: "To hell with the health department. People with delicate bellies should not eat Mexican food anyway."

Holland McCombs, correspondent, Fortune Magazine: "Mr. I like it with all the meat and beans and pepper in it plus a little dash of salsa picante. But if I cannot get it that way, I will take it any way you got it."

Just Between You, Me and . . . the Gatepost

(By Lawrence Hunnicutt)

One of the stories that slipped by us a couple or three weeks ago was about Cloyce Box, a former West Texas State College Buffalo, now playing professional football with the Detroit Lions. Recently Box pulled in two passes that set off a comeback drive which helped the Lions whip the Los Angeles Rams 24 to 16. During the third period of play Box put the Lions out ahead of the Rams and they never lost the lead.

During the past many boys have graduated from the Buffalo gridiron to more glorious football achievements. Probably the two most colorful players during the past few years has been Cloyce Box and Bill Cross.

A week or ten days ago Silas Hart was observed putting a table together. Judging by a discussion with Mrs. Hart it seems that he does the job just as we do in making repairs around the house. That is, he does the job then reads the directions. Mr. Hart is one of the busiest men in town as his association with civic clubs takes up most of the time that he does not spend on the job.

Charlie Donnell got back from Southern California last week and a story he tells indicates many changes in the "Golden State." He says they are cutting down orange trees out there now to build houses. Boy, what a sacrifice that must be for those who are trying to stay ahead of Florida.

Dr. E. J. Cundiff returned to town last week after having spent almost an entire week conducting a dental clinic in Corpus Christi. According to Mrs. Cundiff, conducting the clinic and meeting many old friends proved a wonderful experience for her husband.

A bubbling, happy smile plus one of the most charming dispositions imaginable are only two of the many desirable traits of Barbara Dunn, our visiting student of the week. Barbara is a junior at West Texas State College and hails from Littlefield. She is 5'2" tall and weighs 120 pounds. The 19-year-old Littlefield junior has brown hair and eyes and has a philosophy about being happy in everything she does. Perhaps this accounts for the abundant charm the vivacious young lady possesses.

Miss Dunn is a speech major and this is her third year to work with the Buffalo Masquers. Last week she was elected to "Who's Who in American Colleges and Universities" and she is also active in the Baptist Student Center work. This is the second year that Miss Dunn has served on the executive council of that organization. W. A. Moore, head of the speech department at WTSC, described Miss Dunn as being very loyal to her duties.

This year Barbara is extension chairman of the B. S. U.; last year she was social vice-president. She was also in the B. S. U. state choir which sang at the Dallas meeting last month. Last summer she made the trip with the Baptist young people to Ridgecrest, N. C. It was her third trip there.

During the past three years Barbara has been a member of the A Cappella Choir at the college. This year she is treasurer of the Buffalo Masquers in addition to her other duties in the organization. She was the student director of the recent play, "Good Housekeeping."

Barbara is vesper chairman at Cousins Hall. She says she may teach a year or two after graduation from WTSC, but she plans to enter a seminary in Fort Worth or San Francisco. Later she plans to enter religious work.

Miss Dunn was part of the chorus in "H. M. S. Pinafore." She had a part in "When the Sun Rises" and is now directing "Mrs. Harper's Bazaar."

There's an old saying that "in your dreams you meet a better class of people.' The only catch is that dreams turn into nightmares so easily. This doesn't mean that the column is a dream but according to many it sort of gets nightmarish when we hit that part called "Chirps of Wisdom."

Any of your friends can become an enemy, but a relative is one from the start.

Then there's the "henpecked" husband who says marriage is not a word but a sentence.

He's the fellow who had two bosses, one he worked for and the other he lived with.

Remark overheard at a movie: "and furthermore that is not one of the four freedoms."

Cundiff Pictures Among National Contest Winners

James Cundiff, son of Dr. and Mrs. E. J. Cundiff, recently received a certificate of merit in a national high school photography contest. The contest was sponsored by the National Scholastic Press Association in Minneapolis. There were entries from every state in the Union and also from Puerto Rico, Alaska, Hawaii and Honolulu.

Photography awards from this contest went to the following towns in Texas: Waco, Corpus Christi, Fort Worth, Austin, Greenville, Uvalde, Kingsville and Canyon.

James Cundiff sent in six pictures and won recognition on three of them. His best picture was titled "Before the Rain." It was taken near the south creek, a scene with rolling storm clouds. One of the other winning pictures was a scene around the new elevator in the west part of town and the third was a Boxer bulldog.

James has never taken a class in photography but this has been his hobby for the past three years. In 1950 he made a large number of the pictures for the high school annual.

Cundiff is a graduate of Canyon High School. He received his diploma last spring and in the fall he entered the University of Texas at Austin. He is a pre-dental student.

Hereford Spills Canyon 26-14 in Conference Tilt

Although Canyon was favored and held the edge over the Hereford Whitefaces for three quarters, the Eagles were defeated Friday night by a score of 26-14. At the half-time the game was tied up at 7-7 but the Eagles moved ahead in the third quarter only to drop the game in the final period of play.

Canyon and Hereford are now ied in conference play with one win and one loss each. Canyon beat the Tulia Hornets for their conference win while Hereford dropped their opener to Floydada. At present Floydada is the top team in the district with two conference wins to its credit. Both teams Floydada has defeated have been by the same score, 31-0. Friday night Floydada defeated Tulia and the Friday night before that they downed Hereford.

This Friday the Eagles will be the underdog team against the Floydada team in Buffalo Stadium.

In Friday night's game Don McDonald's pass to Lynn Williams accounted for the first touchdown. McDonald ran the extra point to push the tally up to seven points. The second touchdown came in the third quarter when Johnny Miller plunged over from the one yard line and R. A. Burgess carried the extra point over.

ATHLETE OF THE WEEK

Toby Booth, 195 pound, six foot, two inch end, was chosen as Athlete of the Week for his performance in the Midwestern-WT game Saturday. "Tobe" turned in a good performance on defense getting in on a big part of the tackles. He is from Farwell; is a senior student senator, and chose WT on the grounds that he "wanted to play football," which he did to good advantage Saturday.

Running close behind Booth in the balloting this week was Amarillo's sophomore fullback Leon Evans who filled the shoes of big Red Whelchel and picked up 60 yards in 15 tries.

Corpus Christi Clinic Conducted By Dr. Cundiff

Dr. E. J. Cundiff of Canyon and Dr. Stuart W. Browning of Amarillo recently conducted a dental clinic in Corpus Christi. The clinic was held Monday, November 10, in the Palm Room of the Nueces Hotel.

Subject of the clinical procedure was "Simple Fundamentals of Hydrocolloid Technique for Inlays and Fixed Bridges." The two doctors left to direct the clinic on Saturday, Nov. 8, and returned Thursday, Nov. 13.

Dr. Cundiff has been practicing in Canyon since 1929. He is a past president of the Panhandle District Dental Society. Cundiff attended the University of St. Louis and is a graduate of Washington University.

Juniors Set Date For 'It's A Date'

"It's A Date," '52 Junior Play, is well under way with practice rehearsals each night of the school week. The juniors are working enthusiastically on their annual play which is to be presented to the public on the evenings of December 4th and 5th in the auditorium of Canyon High School.

Try-outs were held November 6 and 7. From the participants the cast of five boys and ten girls was chosen. Because of the abundance of talent and large number of junior students, Mrs. Cecil Simms and Eddie Conner, directors of the play, chose a completely different cast of characters to perform each evening. The cost is composed of: Queenie, Camilla Davis; Nadine Wilson, Dorothy Neblett and Jo Ann Mickey; Mary Rogers, Billie Graham and Virginia Holt; Linda Rogers, Ann Holt and Wanette Green; Kay Phillips, Frances Pennington and Janelda Cunningham; Ilka Marsh, Doris Bourn and Louise Hunter.

And Valerie Rogers, Georgia Nelson and Roberta Grigsby; Geo. Rogers, Joe White and Raymond Haddock; Hal Montgomery, Charles Boling and Ed Money; Buz Stevens, Larry Porter and Ted Lowe; Diana Gordon, Annelle Pond and Norma Dean Thurman; Austin Farrell, Ted Briggs and Bob Wilkinson; Jay Bishop, Alan Hawkins and Arlen Ruthart; Patsy Fisher, Nora Dell Ruthart and Shirley Peppard; Shirley Yeats, Barbara Winters and Wilda Pitt.

Have You Given A Contribution?

Have you contributed to the American Junior Red Cross this year?

Members of the Junior Red Cross in Canyon High School officially opened the annual campaign with solicitations, November 10.

Talks about the services of the Junior Red Cross were given each morning over the inter-communication system by representatives from some of the classes. Students giving talks were Dorothy Neblett, Bob Huddleston, Barbara Glanton, Jerry Matsler, and Joe Dickerson.

Students were urged to bring any contribution they desired to give. Any amount allows one to become a member. Everyone was to bring their contribution to the first period collectors. All money goes to the services of the Junior Red Cross. Each year the Junior Red Cross provides gift boxes, gift chests, and food and clothing for people in other countries.

Students Present Daily AEW Topics

American Education Week, Nov. 9-15, was full of activities at CHS with daily talks given by members of the student body and at a meeting of the Canyon Lions Club in the high school cafeteria Wednesday.

The PA system was the method by which daily topics of the week were given, under the general theme of "Children in Today's World." Laura Smith addressed the student body with Monday's topic, "Their Homes." Tuesday, Dick Dawdy spoke on "Their Heritage"; "Their Schools" was reviewed by Barbara Glanton Wednesday; Jack McCormick presented "Their Country" Thursday; Friday the topic of "Their Opportunity" was given by Sue Keeling.

At the Lions Club luncheon on Wednesday John Miller, SFC president, introduced Laura Smith who reviewed the topic "Their Schools" for the members of the club.

The girl's chorus sang two numbers and the choir sang two selections for their part of the program.

"Down Hereford!" This inspiring poster hung just outside the door of Mrs. Simm's room brought serious damage to several people, including yours truly, Ol' Cal, who started to descend the stairs and took about 40 steps too many. It gained attention all right. Nearly everyone who took those stairs was so intent upon reading the sign just above them that when they landed at the bottom, they had a soft place; others who had gone before them. In the interest of the well-being of fellow students, Cal wishes to announce that he is going to file suit against the cheerleaders who are responsible for the sign being there.

Besides breaking Cal's neck, they have managed to boost the morale of the football players and pep up the spirit of the students with their display of posters. They are doing a wonderful job.

Cal was calmly sitting in one of his classes one day last week when he was suddenly startled by a voice from nowhere saying "On Your Toes." It turned out to be none other than Laura Smith, cheerleader, urging the students to be on their toes at the pep rallies and really show some spirit.

Evaluation Unit Here This Week

A visiting committee from several sections of the Panhandle is visiting the high school this week, November 18, 19, and 20, for the purpose of taking note of all its good and bad points to evaluate this school with other schools.

A full schedule has been planned for the benefit of the committee for the three days. On November 18, at 2 p. m., the administrators from the Panhandle region met in the Visual Aid Department at the college for the purpose of discussing teacher qualifications and the placement of teachers.

At 3:30 p. m., the Teacher Education unit also met in the Visual Aid department, and at 7:30 the school board entertained the visiting committee with a dinner in the high school homemaking department.

Among the social events held in honor of the committee were a tea in the Canyon Elementary School yesterday sponsored by the FTA; a luncheon at noon today in the homemaking living room by the FHA chapter; and a coffee, sponsored by the Canyon P-TA, following committee reports will be held tomorrow in the high school cafeteria.

R. A. Selby, superintendent of Amarillo Public Schools, is the coordinator of the group, which is divided into three units:

(1) School-wide evaluation committee for school plant, equipment, library services, by J. W. Dillard of Borger, Mrs. Grace Scott, Tulia, and Ray Vineyard, Dumas; school staff and administration, transportation, and cafeteria, by George Graham, Hereford, and A. W. Adams, Tulia.

(2) High school committees for guidance and pupil activity, by Sam Bryan, Tulia, George Graham, Hereford, and Ray Vineyard, Dumas; program of studies, by Elmer Moore of Shamrock, Walter J. Burgess, Dumas, W. J. Stanford, Hereford, Mable Hare, Panhandle, Mrs. Mary Ragsdale, Dumas, Jess Cearley, Amarillo, Charles Graham, Dalhart, Gertrude Elliker, Amarillo, and J. W. Dillard of Borger.

Mrs. John Shewbert, of Dalhart, is coordinator of elementary evaluation.

(3) Elementary School Committee for the children, by Mildred McGhee, Phillips, Earlene Walton, Hereford, and Mrs. John Shewbert, Dalhart; the program of studies, by Mrs. Alta Lane of Pampa, Della Stagner, Hereford, Wilton Lillard, Phillips, Mrs. Rosa Spann, Borger, Mrs. June Harvey, Shamrock, and Mrs. J. W. Clonts of Tulia.

CQ, CQ, Are You There?

Pictured above, left to right, are the Canyon High School holders of radio amateur licenses, Charles Boling, J. T. Maddux, Joe Watson, and Charles Miller.

Did you know? The junior class has an honor, by having within its membership all four holders of the amateur radio operator's license. They are Charles Boling, J. T. Maddux, Joe Watson, and Charles Miller.

The licenses were obtained by passing difficult written examinations in radio operation and theory. A minimum of five words per minute in sending and receiving is required. Operator's licenses are effective one year, after which more complicated tests must be passed to renew their effect.

At the time of examination each "ham" is presented with a "call" number.

These amateurs have contacted as many as 20 states and Mexico. In these states they have contacted over 200 other amateurs, many of whom are women.

All messages are sent in code, and later translated. Messages at first are limited in content because of the code, but as experience is gained more can be said.

Translators are home-made and consist of only one tube. The number of watts range from 16 to 35. The receivers range from six to nine tubes, with Hallicrafter S-40B and home-made receivers.

Radio is in the division of science called electronics, along with television, telephone, and telegraphy. These boys became interested in radio through science courses.

All four amateurs are members of the National Honor Society and the Science Club. J. T. is a member of the Canyon High School Band and is being introduced to the processes of high school chemistry along with Joe Watson.

Happy Girls Beat Eaglettes 44-40

In the second basketball game of the season, the Canyon Eaglettes' A and B teams were outplayed by the Happy teams in the CHS gym Tuesday, Nov. 11. The A team's score was 40-44, while the B team's score was 12-38.

Jerry Matsler and Rachel Maynard tied for high scorer of the B game, with six points each.

In the A team game, Peggy Bonds was high scorer with 16 points. Martha McBroom and Jo Ann Mickey made a total of 12 points each. The other players for the Eaglettes were: Forward, Rhea June Ford; guards, Bettie Glanton, Marieta Sanders, La Rue Davis, Dorothy Cleavinger, and Dovie Keene.

FHA Holds Annual Emblem Assembly

Attired in white formals, the Future Homemakers of Canyon presented the impressive FHA Emblem service in an assembly Wednesday, November 19.

Sarah Jane Colwell, acting as narrator, explained each part of the emblem and how it became a symbol of FHA. As the explanation for each of the parts: the name, motto, home, hands, etc., were made, FHA members assembled the parts on an easel.

The FHA song was played during the entire program by Laura Smith, pianist.

Singing of "The Lord's Prayer" by Norma Dean Thurmon concluded the program.

Carlene Morton, president of the Canyon chapter of FHA, served as mistress of ceremonies and FHA members presenting the program were Lynn McKinney, Nancy Adcock, Peggy Bonds, June Davis, Annelle Pond, Nancy Kay Tomlinson, and Sarah Colwell.

Ted Briggs Elected District FTA Veep

Ted Briggs, CHS junior, was chosen vice-president of District IX FTA clubs at the annual convention conducted on the campus of West Texas State College Wednesday, November 12.

Wanette Green and Dan Gaylor, "King Pedagog and Queen Schoolmarm" contestants, won third place in the contest, and were presented with a $10 check from the Lions and Rotary clubs of Canyon.

Miss Loula Grace Erdman, WT English professor and famed novelist, was the main speaker for the event. "In teaching we find a place to anchor our hearts," said Miss Erdman in her address titled "Somebody Ought To Tell You."

Other officers elected were Robbie Mullins, president, Beatrice Hutchins and Nancy Storey, secretaries, and Emmitt Smith, college consultant.

PEP RALLY

Cheerleaders, students and faculty members of Canyon High School joined in the singing of the "Eagles Fight Song" at a pep meeting Friday. A series of yells were given and talks were provided by members of the football team. To end the meeting the school song was sung.

BAND SHOW

A series of required contest movements were demonstrated by the Canyon High School Band Friday at Hereford. These movements includeed countermarches, halts, obliques, flank movements, and the playing of the marches, "Queen City" and "Symbol of Honor."

B Team Concludes Season Thursday

In the last conference game of the season, the Canyon Eagles' B team was downed by the Hereford Whitefaces' B team by a score of 19-31 at Buffalo Stadium Thursday.

Lee Drake, fullback, scored all the tallies for Hereford. Only one kick was successful.

Jimmy Adams carried the ball for the Eagles' first touchdown in the second quarter. During the third quarter, Richard Dodson carried the mail for the second tally for the Eagles. Jimmy Adams made the conversion count. Jimmy Golden ran the Eagles' last touchdown.

Outstanding players of the Eagles were: blocking, Charles Joyner and Larry Stroup; running, Jimmy Adams and David Brandon; passing-receiving combination, Golden to Jamie Airhart and Golden to Adams; and defense, Brandon and Arnett Florence.

27 New Members Initiated by NHS

New members of the National Honor Society were initiated into the honorary organization Thursday evening with a formal ceremony in the auditorium of Canyon High School.

John Miller, SFC president, welcomed the guests and explained to the new members what the society was and that they had been chosen for it because of their high standards of service, character, leadership, and scholarship. He introduced old members of the club who gave brief talks of the four qualifications for honor society membership.

Carol Rose talked on scholarship and its importance; Frances Cunningham spoke on leadership with stress on the idea that every individual should be a leader in the world; Leroy Dickerson pointed out that one should sacrifice in the cause of service; Carlene Morton spoke on character, the thing that distinguishes one person from another.

Bob Wilkinson gave a response from the future members of the organization. John Miller then presented them with keys signifying that the future is open to them.

Dress Revue Held By Club Women

Approximately 50 local women modeled their own dress creations in a dress revue held Thursday evening at 7:30 o'clock in the Branding Iron Theatre. The women were members of home demonstration clubs in this vicinity and the dresses were the results of an advanced sewing class conducted in the various clubs this fall.

An instruction class for Randall county club members was given by Miss Lou Ella Patterson, home demonstration agent, to 12 club members who in turn taught the women of their respective groups.

Instructors for the different clubs were Mrs. Marion Higdon, Canyon Club, Mrs. A. E. Wise, Centerview, Mrs. S. L. Terry, Central, Mrs. W. T. Davis, Edgetown, Mrs. C. R. Hughes, Green Haven, Mrs. Eugene Bonds, Jowell, Mrs. Leonard Winters, Park, Mrs. E. M. Wesley, (for Mrs. Roger Dugan), Palo Duro-Rusk Club, Mrs. R. B. Gist, Jr., Sunny Hill Club, Mrs. G. W. Prater, Western Avenue, Mrs. E. T. Zachry, West Side, and Mrs. Forrest Gruner, Zita.

Miss Patterson reported that approximately 80 dresses were made, but only 50 were displayed. The dress revue was enthusiastically received.

Trinity Tramples West Texas 39-6

San Antonio's Trinity Tigers buried the West Texas State College Buffaloes beneath an avalanche of scores in Alamo Stadium Saturday night before an estimated 26,000 fans. The final score was 39 for Trinity and 6 for the Buffaloes.

At half-time the Tigers led by a score of 14-6. During that fatal second half they held the Buffaloes scoreless and racked up 25 points for themselves.

The Buffs were handicapped because of the loss of Kenneth Clapp who was out as a result of a twisted ankle. Bobby Lane called signals in place of Clapp and he tallied the lone TD for the Herd.

With three victories and four losses behind, the Herd journeys to Abilene next week to pit their gridiron wits against the rugged Hardin-Simmons Cowboys. Final game for the Buffs will be the Thanksgiving Day tussle with Texas Western in El Paso.

FLORENE MOORE ENTERTAINS FOR SUNNY HILL H. D. CLUB

Kiester-Black Exchange Nuptial Vows In 'Little Church in the Garden,' Miami

MRS. BRADFORD BLACK

Saturday afternoon, November 15, at 4:30 o'clock Miss Inge Koester, daughter of Mr. and Mrs. Willi Koester of 3057 N. W. 63rd Street, Cocoanut Grove, Miami, Florida, became the bride of Dr. Henry Bradford Black, son of Mr. and Mrs. W. C. Black.

Impressive double ring rites were read by Rev. David Davis, minister of Plymouth Congregational Church, one of Miami's oldest churches. The setting for the ceremony was traditional decorations for this picturesque "Little Church in the Garden."

Miss Mary Ellis, organist, played a prenuptial program of appropriate selections, soft music as a background for the ceremony, and the traditional marches.

Only attendants to the couple were Mrs. John Poulos, matron of honor, and Dr. Gordan Walker, best man. Dr. William Fountain was usher. Mrs. Poulos wore a rose satin gown and carried a bouquet of rose colored gladioli.

Escorted to the altar and given in marriage by her father, the bride was gowned in ballerina length white satin and tulle with lace bodice. Her finger-tip veil was attached to a crown of orange blossoms. Her bouquet was white carnations.

For her daughter's wedding Mrs. Koester wore a black and white gown with black and red accesories.

Following the ceremony the couple was honored with a reception in the beautiful walled-in gardens of the church.

Mrs. Black wore a grey brocade ensemble with red accessories for her traveling on their wedding trip to Texas and New Mexico. The couple will be at home in Miami after December 15.

Mrs. Black was graduated from Miami Senior High School and the Medical College of Virginia School of Nursing.

Dr. Black is a graduate of Canyon High School, received his B.S. from West Texas State College; D.S.S. from Baylor University; and M.S.D. from Northwestern University. He spent three years in the Navy with the Pacific fleet. He is now resident in Oral Surgery at Jackson Memorial Hospital, Miami, Florida.

The team will practice three nights a week and plans inter-squad matches as well as matches with ROTC teams at other colleges. A match with the Texas Tech unit is tentatively planned early in December.

Officers of the club are all advanced ROTC students and cadet captains. They are Albert Linger, Canyon, president, Wiems Norman, Daugherty, vice-president, and LeMoin Patrick, Borger, secretary. Membership at present is voluntary, but in the future, will be based on qualifying try-outs.

Keep Down Heat In Homes Says Health Authority

It is an illogical fact that many people complain about the heat of Texas summers and yet sit indoors during the winter months in a temperature about as high as that about which they complained in the summer season, is the view of Dr. Geo. W. Cox, State Health Officer.

"If the average person would realize the definite hazard in developing and maintaining an indoor temperature about 70 degrees, or at most 72 degrees, when the outside thermometer registers around freezing," he said, "there would be fewer colds, less bronchial conditions, and less pneumonia than there are today.

"Fresh air is one of the body's basic needs and no amount of luxury or artificial pleasure can be substituted for it. It may be a comfortable feeling to be warm, especially with the consciousness of the tough weather outdoors, but it is quite another matter to achieve this comfort at the probable cost of health.

"Winters in the Temperate Zone are sufficiently trying upon the human system with their sudden and sharp temperature changes, without adding to the burden by making a hothouse of one's home. Of course, colds and other respiratory affections can be acquired in many different ways, but one of the easiest methods of becoming victims of such hazards is the overheated house.

"To become overheated and perspire, though the latter condition may not be perceived, and in this softened state to brave the cold winter blasts, is to take a thoroughly unwarranted chance with health.

"The wise householder therefore will check up on his artificial heat problem. He will resolve to keep his thermometer within safe limits."

Conscience Gnaws 22 Years; Tennis Racket Was Temptation

Have you ever given thought about what it would be like to live with yourself 22 years from now? It seems that a West Texan had no such thought 22 years ago.

Conscience or financial solvency or both caught up with someone recently, bringing the confession of a crime which undoubtedly had dwelt long hours on the mind of one of the people concerned.

Dr. Walter H. Juniper, dean of West Texas, received the following unsigned letter last week:

"In October or November 1930 I took a top-flite tennis racket from a locker in your gymnasium. I have no idea to whom it belonged. If you can determine the person who owned this racket, please give him the $20 attached. The racket was a good one and a heavy weight one, so it must have belonged to a man."

"If you cannot find the person who should receive payment for the racket, please use the money in the way that you think best for your athletic program, tennis teams, or some way."

Because the Panhandle city, from which the letter was mailed, is small, Dr. Juniper withheld its name. And because he deemed it futile to seek the person whose racket was taken, the dean donated the money to the current "brick fund drive," sponsored by the Buffalo Gals, to build a new student union building.
